UZH Innovation Hub

Validate the market potential with an Innovation Grant

Apply by 15 September 2024

Apply now: UZH Innovation Grants

Take your research based idea to the next level with the UZH Innovation Grants. Apply now to join the market validation workshops, get your own coach, receive funding and join the innovation community.

[Apply here.](#)

Who can apply?

Researchers with an employment at the University of Zurich. This includes doctoral candidates, PostDocs and established researchers.

How to apply?

Submit your application on the grants platform including a short video describing your idea and why you think it has potential to create value.

Application deadlines

You can apply twice a year until September 15th and March 1st respectively.

Purpose of the UZH Innovation Grants

Ideas are easy, implementation is hard. With the Innovation Grant you receive support to explore the market potential of your research-based idea and develop a value proposition with a strong foundation. This is the basis for attracting partners, investors or innovation funding for the implementation of the idea.
