www.venture-leaders.ch

Partners:

"The Venture Leaders Life Sciences program is a MUST for every Biotech, Medtech or Pharma startup. I could not imagine to use only one week in Boston more efficiently than I did with Venture Leaders. Contacts with business angels, industry experts and advisors actually led to our seed financing round, and last but not least, I had lots of fun with the Venture Leaders team members."

Martin Ostermaier, CEO InterAx Biotech

"Venture Leaders has been a unique program to put my business development on the front burner. I returned with a ton of great contacts and a much clearer vision on how to run my company and understanding of the US market. A must have if your ambition is to build a winning business."

Jan Lichtenberg, Co-Founder and CEO, InSphero

Become a member of the Venture Leaders 2019 in Life Sciences - the Life Sciences Swiss National Start-up Team. Only the top 10 selected startups will be given the unique opportunity to experience this intense 1-week business development program (value of CHF 10,000). A unique and exclusive opportunity to meet top notch investors and industry leaders in Boston and build an exceptional business network.

and want to learn more about international fundraising opportunities? Then don't miss this chance.

Venture Leaders is organised by Venturelab. The program value of CHF 10,000 is offered free of charge to the winners thanks to the support of Kellerhals Carrad, «Entrepreneur of the Year» by Ernst & Young, Canton de Vaud, Canton of Zurich, EPF Lausanne, ETH Zurich, Swissnex Boston and the University Zurich.

«Venture Leaders is possibly the best startup program to participate in. One week of full-time entrepreneurial experiences along with a phenomenal group of people had a crucial impact on the success of funding our venture.»

Marc Gitzinger, CEO BioVersys AG

Those eligible to participate:

- founding and managing members of Life Sciences based Swiss startups or members of Swiss universities;
- ready to grow the business in the US with international investors;
- building a global technology startup in Life Sciences (startups active in Nano/Micro tech or cleantech can also apply for the program).

You are ready to conquer global markets and want to meet with industry leaders from the US? You know that onboarding the right investors will be crucial for your entrepreneurial success
