---

## Project Mentor

Find a mentor at UZH that can support you during your UZH Entrepreneur Fellowship. In most cases, the mentor is a professor at UZH. This person commits to give advice and support you with his/her network.

For **Bio&MedTech projects** and other projects that require access to labs and special technological equipment it important that the mentor confirms that you will have access to the equipment you will need to carry out the proposed project.

Ask your mentor to confirm his or her support in a **support letter** using this [template](#) and upload it here.

If you have questions around choosing a mentor, please do not hesitate to [contact us](#) for advice.
